

External Evaluation Providers (EEP) - 2026

[The Ian Potter Foundation](#) presents a list of high-quality monitoring, evaluation & learning providers. Through an open call in the Australasian Evaluation Society, we received outstanding submissions from a number of candidates who have been added to our list. The Foundation selected providers' work reflects strong outcome measurement, experience with the government sector, capacity building, as well as evidence of diversity and inclusion in terms of staffing and/or training. We aimed to include candidates with excellent financial analysis abilities or who have partners who provide this service.

This document will be promoted among grantees (prospective, past, and current) and other foundations to improve the quality of evaluations conducted for philanthropically funded projects.

Please note that if you are planning to engage a consultant and would like support with developing an RFQ (request for quote) or to discuss your needs before or during an engagement, we encourage you to contact our Research, Evaluation & Learning Manager. We would also appreciate it if you could provide us with feedback after engaging with any of the following providers.

Disclaimer: While all care has been taken in preparing this publication, it is not a substitute for obtaining independent, professional advice. The Ian Potter Foundation does not endorse any service provider listed or guarantee the listed providers' work quality. The information contained in this document is for information purposes only, and readers are responsible for determining whether a listed service provider will meet their needs.

Pillars: Vibrant (Arts); Fair (Community Wellbeing, Early Childhood Development); Healthy (Public Health, Medical Research); Sustainable (Environment)
